ABOUT US

AmbroWilks is a privately-owned construction company with a turnover in excess of £1 million per annum. Set up and based in Enfield, we began trading in 2014. Ever since, we have focused on developing a solid and reputable name within the building industry, allowing us to create long-lasting and meaningful relationships with our extensive clientele.

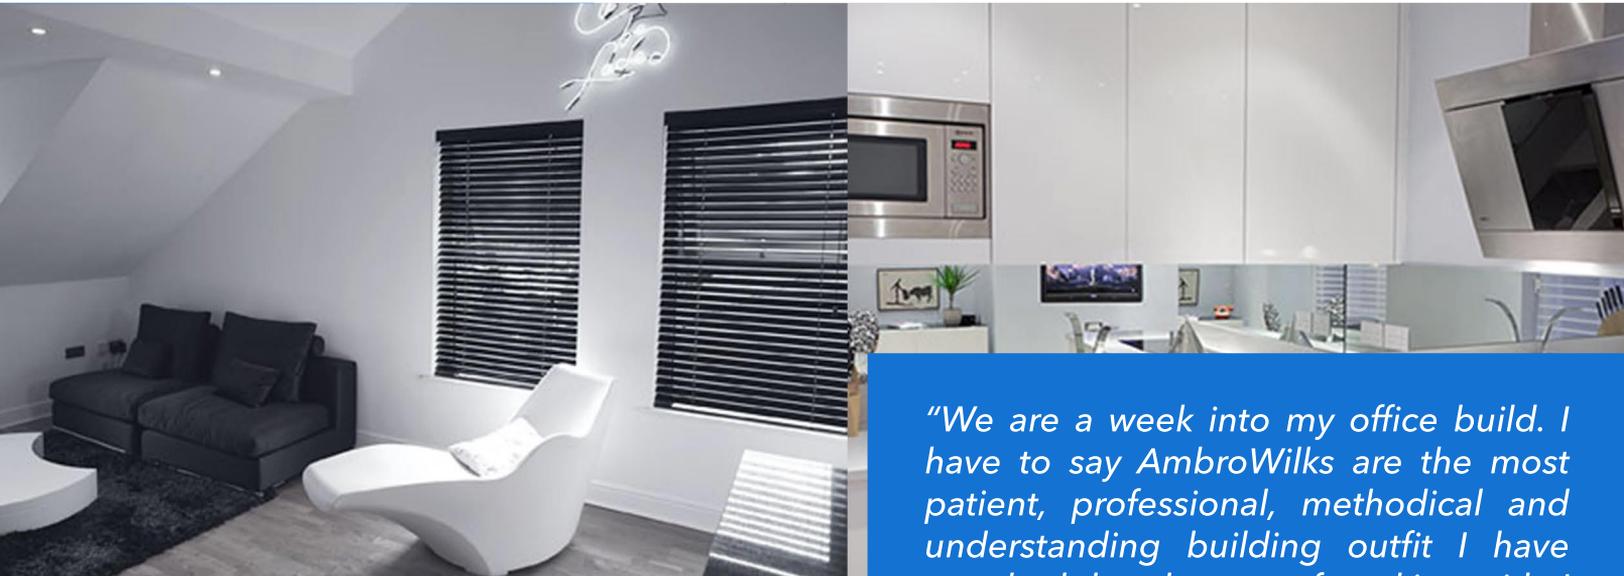

Our two founding directors began AmbroWilks with previous experience in both entrepreneurship and the building industry. The fusion of these two key elements have allowed us to become one of the top providers of professional construction in the UK.

We focus on versatility, and by remaining open-minded and considerate of your needs, we create a comfortable environment in which ideas can be shared. Additionally, you should not feel pressured to have everything you want in mind beforehand; we offer expert advice and can help you plan at every stage along the way. Simply get in contact with us to discuss any potential concepts.

By working thoroughly with our clients throughout the building process, we ensure all their wants and needs are being met. No matter how big the project, or what is required from us, we will always put the customer first to make sure they are fulfilled with our work.

WHY CHOOSE US:

Unfortunately, within our industry, potential clients can often find themselves falling victim to the scams of shoddy tradesmen - with work being left unfinished, or in poor, sometimes dangerous conditions. Here at AmbroWilks, we make certain that all our work is carried out at a certified standard by certified professionals. With countless positive reviews from our past clients, you can absolutely trust us to deliver exactly what you need.

Since our start-up, the company has grown immensely, and we have built valuable close relationships with several private clients. Whatever your building needs, you want a reliable and professional full-service company to safely complete the work at the highest standard. One browse through our website's gallery will reveal the delicate and precise detail we put into every project we work on.

"We are a week into my office build. I have to say AmbroWilks are the most patient, professional, methodical and understanding building outfit I have ever had the pleasure of working with. I have worked with many builders over the years and have to say from the early quote stages AmbroWilks have been clear, concise and accommodating. They are also the cleanest operational outfit I have ever come across. Can't recommend them more Will update this review in a week or so, post build. For now, thank you AmbroWilks."

AmbroWilks has the knowledge, skills and experience to undertake any and all construction projects - this can range from demolishing an existing structure and rebuilding it completely, to renovating and completely refurbishing a property. We can even read from your drawings and use them to work directly with structural engineers, architects and the local building control.

If you can dream it, we can build it.

OUR SERVICES:

Whether your existing property needs a minor facelift, or more substantial upgrades, AmbroWilks Ltd has the knowledge and skills to make it happen. Get in contact today to discuss your ideas!

With our extensive knowledge in the trade and precise attention to detail, we are able to personalize every customer experience - A highly sought-after trait which has earned us a well-respected name within the industry.

Make every bit of space in your home count with our loft conversion services. Storage space is useful, but living space is priceless, and opening up your loft can transform your home in ways never thought possible. City life can be wonderful, but oftentimes we find ourselves overexposed to the dense outside environment; coming home to a relaxing open space is sure to alleviate any stress from your mind.

From a complete renovation of your property, to an extension and everything in between, we can make your concept come to life. Don't hesitate to let us know your ideas, no matter how wild and wonderful they may be.

Residential:

Tailored residential property services from design to completion. Our devoted staff will see you through the entire journey when developing your ideas.

Where every bit of space counts, even relatively modest roof extensions in London can make a huge difference to the amount of usable space in a town house or commercial property. With AmbroWilks, you can be sure of an expert, dependable and fully insured service to your property.

Commercial:

Thinking about adding an extension to your office? Or maybe even building a completely new warehouse from scratch? Rest assured that AmbroWilks can get the job done. Understanding the importance of business infrastructure, we are able to provide you with whatever commercial construction you desire.

Simply drop us a quick message with your ideas and we'll get in touch to discuss how we can best utilise your space.

✓ Major Construction work:

Helping developers, homebuilders and landlords build developments, from just a few homes to a whole housing estate. No matter how big your dream, we have the tools to make it blossom.

We can help you turn that land into a house or flats so you can really reap the rewards of the uplift in value the properties will create. Think smart and contact us today.

✓ Investment Properties:

Professional commercial & residential valuations covering every asset type.

We also work with Commercial to Residential conversions such as HMO (Houses of Multiple Occupation) design and build.

With our client's best intentions in mind, we will be sure to help you get the most out of your property

How We Can Help:

We have the manpower, the skill and the experience to help you transform your property into a high yielding asset. All you need to do is get in touch - our cordial team is happy to respond to any of your enquiries. Trust us, like many others have, and make the most out of your property.
